

ABOUT OUR CHAMBER

The Manhattan Area Chamber of Commerce was established in 1988. Our purpose is to promote a business district which can meet the needs of the Manhattan area, so that its citizens and business community might prosper. It depends solely on the participation of its members for both special events and day-to-day operations.

The Chamber has experienced exciting changes. We now have a permanent Executive Assistant who is the primary contact for the chamber and will assist members in strengthening their businesses through referrals. The Chamber built an office in the Manhattan Museum, which has proven to be mutually beneficial, giving the chamber office a home and allowing the museum to be open year round.

Please support your community: renew your membership, or join the Manhattan Area Chamber of Commerce. Be part of our prospering business community. Help shape the future of the Manhattan area. As business leaders, it is up to us to inspire change and growth. As you renew your membership or consider becoming a new member, please consider volunteering for one of our committees! Just a few hours of help - even four hours a year - can make a difference.

The mission of the Manhattan Area Chamber of Commerce is to support members and businesses through promotion, sharing of resources and community involvement.
